**Objective:**

**Education:**

Michigan Islamic Academy (2011-2012)

Washtenaw International High School IB (2012-2013)

Washtenaw Technical Middle College WTMC (2013-2014)

Michigan Islamic Academy (2014-2015)

**Activities:**

*(Freshman Year)*

**Model United Nations:**

This extra curricular activity teaches the students about diplomacy, international relations, and the United Nations. Students are involved in research, debating, and public speaking. This activity also teaches leadership skills and the end of the year the students attend a conference to present each of their positions. I was part of this activity and was given an opportunity to go to the MSU conference in Lansing.

**National Junior Honor Society:**

National Junior Honor Society is an organization created to recognize outstanding students in grade point average and achievements/contributions to the school. This goes to those who have leadership skills, serves the school and the community, and character as well. I was selected to join and if stayed at my school be promoted to the National Honor Society in my sophomore year.

**Health Club:**

I was given an opportunity to support and create this group. Our mission was to create way to maintain the health of students by creating weekly power point presentations to the student body. I helped organize Hygiene drives and donated what we collected to local organizations. Along with the idea of creating ribbons and have an open donations to countries who needed help in medical supplies (i.e. Palestine, Jordan, and Syria)

*(Sophomore Year)*

**Muslim Student Association:**

This is a religious organization dedicated to establishing and maintaining Islamic societies within non-Islamic environments. This organization/club is to teach the Islamic teaching of giving to ones school, communities, and ways to maintain the Islamic character. This organization teaches leadership skills along with how to diversify ones self in order to creatively give back.

***My Position- Public Representative***

I organize activities for the students to get involved in the communities. Ex: Soup Kitchens, volunteer work, walks for charity, and more. Other activities I had the students participate in color walks for cancer and the Zaman Walk for the hunger.

**Build On:**

This club was created in order to help the build on organization to raise money to build schools in places over the world. As a group we choose to raise 35,000 dollars in order to build a school in Mali. The previous year we raised money in order to build a school in Haiti. Each student had their own website in order to individually collect 5,000 dollars and we were able to successfully accomplish that.

**Art Enrichment:**

This art enrichment is an eight weeks project, consisting a work hour schedule of fours a week work, and writing a formal paper. The theme of this enrichment was to express the “New Generation of Technology” and how this is a new form of the world and how technology is impacting us today. I was able to complete this project successfully by completing my work hours of actual sketching, drawing, and painting the mural on the school wall of approximately eight by six feet. It was a lot of work, yet I enjoyed it very much.

**Spirit Club:**

Carolina Ben, Keith Mane, Qiayel Howell, and myself created this club. Our mission was to have a strong school body and to get the students hyped about school and involving themselves in it. We were able to have two pep rallies that I myself had to MC. We were able to have a themed spirit week of getting the different age groups to engage with one another, and have theme days of Superhero vs. Villain, PJ day, Twin Day, and so much more.

*(Junior Year): None*

*(Senior Year):*

**Model United Nations:**

**My Position: Treasurer-** I will be handling the financial issues for this club in order to make sure we can fund and have all our students participate in the conferences.

This extra curricular activity teaches the students about diplomacy, international relations, and the United Nations. Students are involved in research, debating, and public speaking. This activity also teaches leadership skills and the end of the year the students attend a conference to present each of their positions. This year we will attend the MSU conference along with the U of M-Ann Arbor Conference

**Volunteer Work:****YMA (Young Muslim Association)**

Dearborn, MI

This is a nonprofit organization that has been running for 15 years, and holds over 127 weekly and annual programs for the community. They bring speakers from around the globe to our weekly night programs, annual dinners, events, social events, hosting blood drives with the American Red Cross, as well as hosting soup kitchens volunteering in local areas such as Detroit. I very often help set up for events, clean up, and participate in all volunteer activities.

**Schools-**

In school events I often volunteer by time to stay after school to help set up for any event such as parent teacher conferences, helping the younger kids with reading and writing, and even fundraiser events.

**Sunday School –**

Dearborn, MI

I volunteered to student teach about 24 students, ranging from the ages 3-5, Islamic concepts, how to read and memorize Qur'an, I sent help by sending out weekly memos to the parents informing them of what tasks were accomplished one that day to keep both the student and parent on the same page.

**Skills:**

**General**

I have organizational skills, reliable, and a good communicator, I work well with others and I am a fast learner; I have leadership qualities, highly motivated and hard working.
